Subject: time sensitive- SC Rule 301 (Emission Statement) letter re: Parallel Processing Request
Attachments: Rule 301 Emission Statement Parallel Processing Request Letter.pdf; ATT00001.htm

Hi Kurt- I apologize but I have an urgent request and favor to ask. Our RA has now requested that he sign the SC ozone proposal by Wednesday COB or at the latest Thursday AM before he leaves town. I apologize for the rush but we have several sections that refer to Rule 301 and the request and the date we received your parallel processing request for SC rule 301 in our notice and need it in hand prior to its final routing and his signature. I believe you have the transmittal letter in your in box and I'm hoping it can be signed Monday if at all possible, please.

Give me a call if you want to discuss this and I hope you have a great weekend.

Thanks so much,
Elizabeth

FYI.

We will include in our pending proposed approval of the South Coast ozone plan a proposed approval of a few sections of Proposed Amended Rule 301 (as described in the attached) that are needed to address

the emissions statements requirement in Clean Air Act section 182(a)(3)(B). Please let me know if you have any questions.

Subject: Rule 301 (Emission Statement) Parallel Processing Request

Dear All,

Attached is a PDF copy of the letter to CARB requesting parallel processing for the upcoming Rule 301 amendment (Emission Statement), which will be considered for South Coast AQMD Board approval on July 12, 2019.

Please let me know if you have any questions.

Thanks,
